**Re: Halton Regional Council endorses Sheridan College's plan to become an undergraduate institution**

Dear Premier,

On Wednesday, May 21, 2014, Halton Regional Council unanimously endorsed a motion to support Sheridan College's plan to become a university. A copy of Regional Council's resolution is enclosed.

Halton Region is supporting Sheridan's plan to become a university because improving access to quality educational opportunities in the Region supports our overall economic objectives and prospects. Sheridan's university status will help ensure Halton continues to have a strong and skilled labour force to meet the needs of local employers. It will help attract talent and new companies to Halton, accelerating the growth of new start-ups, and will allow Halton to develop as a complete community.

By working together as community partners, we will ensure that Halton remains a great place to live, study, work, raise a family and retire.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gary Carr", is written over the word "Sincerely,".
